

Railroad Man Writes Remarkable Letter

In 1903 and 1904 I was a terrible sufferer for about five months with kidney and bladder trouble. I could not sleep nights and was obliged to get up ten or fifteen times to urinate. I passed much blood and mucus. One doctor gave me up to die. Had two other doctors but received no help from either of them and am sure I would have been in my grave had I not seen your advertisement in the "Daily Eagle Star."

After taking several bottles of Dr. Kilmor's Swamp-Root I was entirely cured. In the last two years I have been a railroad fireman and have passed two examinations for my kidneys successfully so that I know that my kidneys are in excellent condition now as a result of your great medicine.

Yours very truly,
GEORGE KENSER, 1422 Mary St.,
Marionette, Wis.
Personally appeared before me this 25th day of September, 1909, George Kensler, who subscribed the above statement and made oath that the same is true in substance and in fact.

BAD MAN IS AGAIN GIVEN HIS LIBERTY

Clyde Mattox, Terror in Oklahoma in the Early Days, Is Released From Prison.

OKLAHOMA CITY, July 3.—Clyde Mattox, who is known to have slain four men and has been accused of killing a fifth, and who was followed as an outlaw in the territorial days, was released from prison today and his citizenship restored after he had served a term of three years for manslaughter.

The sentence which Mattox was serving for slaying Lincoln Sweeney, a cattleman, in the early days of the territory, was paroled by Governor Haskell in March, 1908, but in January, 1910, he became involved in a fight and his parole was revoked.

Just after Indian territory had been opened in 1889 Mattox killed a man, and for this crime he was sentenced to hang. Through efforts of Mattox's mother, President Harrison was induced to commute the sentence to life imprisonment.

President McKinley pardoned Mattox.

While acting as deputy United States marshal at Fort Smith, Ark., Mattox shot and killed a negro. A short time after he shot and killed a negro witness to the killing.

A white man who is said to have seen the second negro killed went hunting with Mattox one day and he has never since been seen.

PROCEEDS OF BONDS REACHING TREASURY

WASHINGTON, July 3.—Proceeds from the sale of the new Panama 3 per cent bonds are beginning to come into the federal treasury, about \$1,000,000, according to reports received here today.

LAYING PLANS FOR MEETINGS

Conventions Committee Will Lend Cordial Support to All Efforts.

LOCAL ORGANIZATIONS TO BEGIN ACTIVE CAMPAIGNS

Order of Moose and Ad Club Will Go After Big Crowds for 1912.

Along the same lines as pursued by the master plumbers in securing the next big convention of that organization, which was eminently successful, two other organizations of Salt Lake will lay plans and conduct campaigns for 1912 conventions. The members of the organizations will be assisted materially by the Commercial club as a body, and by the publicity bureau of the Commercial club. Through the publicity bureau special literature will be prepared and sent broadcast to delegates to the 1912 conventions of the Order of Moose and the Ad Club of America. If persistent work and combined efforts will prevail, Salt Lake will be the meeting place for these two national conventions next year. At any rate, the members of the Moose and the members of the Ad club have designs on the next meeting and competing cities will have to bring into play every possible influence to beat Salt Lake out of two conventions that will mean several thousand visitors next year, who otherwise would go to some other city but for the national conventions of these organizations.

Plans for Campaign.
The first steps toward a campaign to secure the 1912 meetings were taken Monday afternoon, when the conventions committee of the Commercial club held a meeting which was attended by representatives of the Order of Moose and representatives of the Ad club. The meeting was in the way of a co-operative committee meeting. Through the Commercial club publicity is to be given Salt Lake as a convention city. A circular invitation extended the national organizations to meet here next year.

Between 1909 and 1909 men are out. The company made no effort to operate cars in the business district. General Manager of the Denver and Salt Lake Railway company who receive 15 cents an hour and 25 motormen who receive 17 cents an hour and 25 inspectors who receive 25 cents an hour and 25 conductors who receive 30 cents an hour.

Moose Will Be Boosters.
The national convention of the Order of the Moose convenes at Detroit August 20. This meeting will be attended by at least 5,000 delegates. Salt Lake-Moose are holders for the 1912 convention and what is more they are determined to have it. They will let no grass grow under their feet. They are now and will be for the Detroit convention. Representatives of the subordinate lodges to the grand lodge will hear from the Salt Lake lodge in the next ten days. Descriptive literature will be in their hands when they leave home for the meeting. Invitations to conductors, inspectors and motormen will be extended by the order in Utah, backed by the governor, the mayor of Salt Lake and all kindred orders. The grand lodge is working rapidly and the 1912 convention will be considerably larger in point of numbers than the convention to be held next month at Detroit.

At the meeting Monday afternoon at the Commercial club John D. Giles represented the Salt Lake Ad club and H. W. Denney and Fred Worley appeared for the Moose. Co-operation in the work of securing the conventions was emphasized in the meeting and well laid plans were adopted for conducting the campaign.

CAR SERVICE STOPS IN CITY OF MEXICO

Conductors, Motormen and Inspectors Quit Jobs and Go on Strike.

MEXICO CITY, July 3.—Street car service in the capital was effectively tied up at noon today by a strike of conductors, motormen and inspectors. With the exception of an occasional car on suburban lines, not a wheel is turning tonight, and the men appear confident that tomorrow every car will be stopped.

The walkout followed a refusal by the tramway company, to accede to demands of their employees for an advance in wages. The right to organize unions was granted by the Mexican government in 1906, and the men are determined to have it. They will let no grass grow under their feet. They are now and will be for the Detroit convention. Representatives of the subordinate lodges to the grand lodge will hear from the Salt Lake lodge in the next ten days. Descriptive literature will be in their hands when they leave home for the meeting. TO INSTALL PHONE TO DUTCHMAN MINE

Wires to Be Strung From American Fork to Property at Once.

E. H. Clark, supervisor of the Wasatch national forest, announced yesterday that the work of constructing eleven and one-half miles of telephone line from American Fork to the Dutchman mine in American Fork canyon would begin within a week. The ranger's station is situated near the Dutchman mine. Mr. Clark said that this work would be the policy adopted at the recent convention in Salt Lake of the heads of the national forest service. The money for the permanent improvement will come out of the \$5,000,000 appropriation the administration which was outlined at the Salt Lake meeting.

Mr. Clark yesterday received a letter from Ranger J. H. Woodstuhlmeyer in which the ranger tells of the part played by national forest men in the rescue of Timothy Smith and Albert Durrant, the two American Fork miners who were entombed in the Whirling mine last Thursday. The ranger writes that Mrs. Woodstuhlmeyer and Mrs. J. V. Maxwell, wife of Forester Maxwell, for three days and nights kept a constant vigil at the rescue of the miners.

NAVAL OFFICERS ON RETIRED LIST

Compulsory Retirement of Several Still Able to Perform Ordinary Duties.

APPROVED BY PRESIDENT

Each of the Retired Officers From Top to Bottom Advanced One Grade.

WASHINGTON, July 3.—The names of four officers of the United States navy, selected for compulsory retirement by the "punching" board appointed by Secretary Meyer was announced today and the suspense which for several weeks has gripped the personnel of the service from lieutenant to captain, was dispelled.

By the conclusions, approved by the president, four officers of each of the grades of captain, commander and lieutenant commander and two lieutenants were transferred to the retired list from June 30. The officers affected, most of whom are Spanish-American War veterans, are:

Captains—James T. Smith of North Carolina, commanding the receiving ship Hancock; John T. Newton of Ohio, until recently in command of the battleship Nebraska; Robert F. Lopez of Tennessee, senior member of the board surveying vessels on the Pacific coast, and Harry Phelps of New Jersey, serving on general court martial duty at the New York navy yard.

Commanders—Patrick W. Hourigan of New York, commanding the naval training station at Newport, R. I.; Harold K. Hines of Kentucky, commanding the supply ship Glacier; Edward T. Witherspoon of New York, commanding the transport Prairie; John R. Edle of the District of Columbia, executive officer of the battleship New Hampshire.

Lieutenants—Semmes Road of West Virginia, on sick leave; Roland R. Riggs of New Jersey, on sick leave.

The retirements were made in accordance with the provisions of the navy personnel act for the purpose of creating vacancies in the line of the navy in order to permit promotions. The vacancies in the last fiscal year caused by death, retirement or resignation were fourteen less than the number prescribed by law.

Each of the officers retired will be advanced one grade in rank.

SILVER COIN FAMINE ON COAST THREATENED

WASHINGTON, July 3.—A famine of silver coins is threatened in the north Pacific states and banks in Oregon, Washington and Montana are appealing to the treasury department to ship dimes, quarters and half dollars to relieve the situation.

Congress has not made an appropriation for transporting the coins and treasury officials say they cannot come to the relief unless congress takes some action. The treasury formerly paid for such transportation, but saves \$300,000 a year by not doing it now.

COMMISSIONER LANE LEAVES FOR THE WEST

WASHINGTON, July 3.—Commissioner Franklin K. Lane of the interstate commerce commission, today departed for San Francisco. He will be absent from Washington until October 1. Meantime he will hear cases at San Francisco, Los Angeles and Santa Rosa, Cal.; Portland, Or., and Tacoma and Seattle, Wash.

The cases involve questions important to all transcontinental carriers. They will not be determined until some time early in 1912.

Workman Is Killed.

KALISPELL, Mont., July 3.—Matt Sweeney was instantly killed at the Big Scott lake drainage the twenty-foot wall of the big ditch caved in, burying the victim under tons of sand and timbers. Contractor Cassidy suffered a bruised shoulder and narrowly escaped with his life. Tonight the other laborers informed the contractor that they would not work further on the job and it is understood that it will be abandoned. There had been several previous cave-ins with narrow escapes.
